

Activate your Recallify AT licence

Use the licence supplied by your organisation or reseller.

1. Find the licence key supplied by your organisation or reseller. Keep it private.
2. Go to <https://app.recallify.ai/activate> and enter your key.
3. Sign in or create your account. Complete email verification if prompted.
4. Check the licence details and confirm activation. Use the same account on every device.
5. Install Recallify on your phone, or open the web app, and sign in with that account. A paid Personal subscription is not required to activate an AT licence.
6. For an order or delivery question, contact your supplier. For activation help, email info@recallify.ai.
