

Recallify reseller guide

Resources for reseller catalogues, demonstrations and customer activation.

Product descriptions

Recallify AT supports memory, organisation and learning. Record or import information, review summaries and extracted tasks, ask questions about saved notes and learn with quizzes. Use one account on the web, iPhone and Android. Core AT is software only; Guided AT adds practitioner training and setup.

Pricing and supply

Core AT starts at £130 for one year. Guided AT adds £250 for practitioner training and setup. No VAT is added. Confirm the product, licence term, availability and commercial terms before ordering. Current prices: recallify.ai/at-pricing/.

Education and workplace resources

Separate assessor toolkits and Word justification guides: recallify.ai/assessor-toolkit/.
Feature demonstrations: recallify.ai/getting-started/.

SFE DSA scope

Approval covers Recallify AT software (Core AT) only, not Guided AT training or Personal subscriptions. Recommendation does not guarantee individual funding. Funded students follow their entitlement letter and allocated supplier. Confirm supplier catalogue entries and licence terms.

Order and deliver a licence

1. Email info@recallify.ai with product, term, quantity, organisation and order reference.
Agree supply and payment terms.

2. Once the order is confirmed, receive keys through the agreed delivery route. Keep keys private.
3. Send each customer their key and the activation guide. Stock licences start on activation where agreed.

End-user activation support: info@recallify.ai. Supplier agreements and issued keys are supplied separately, not in this public toolkit.
